

# IRIDIUM

Ultimate Link

- HDMI 2.1 | 4K | Ultra HD | 2160P | Ethernet
- 18 Gbps | 1.25% Silver Coated Solid Core
- 4K @ 60FPS | 60 FPS | 2 Video Streams
- Super Grip Zinc Alloy Connector | 3D
- 4 Audio Streams | ARC | 32 Channels

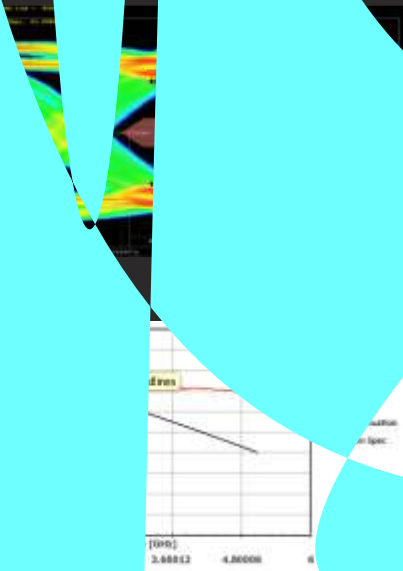

Iridium Ultimate Link from Entegrale was developed for the discerning

High transmission speeds are further enhanced with 1.25% silver coated improved frequency signals travel almost exclusively on the surface

## SMOOTH VIDEO AND CLEAR SOUND

Gold Core Laminated Conductors (LGOFC) eliminate strand-interference for smoother sound and clearer video. This is achieved through the use of regular high purity copper. Fewer oxidized strands mean less grain and more consistent LGOFC deliver superior performance

## CERTIFIED QUALITY

Iridium Ultimate Link can be Deep Color certified by the use of Munsell Color Services Labs' color calibration. This is achieved by a subset of the top 1% of cables. Only the top 1% of cables receive approval.

Iridium cables feature Red Deep Color. This expanded gamut eliminates color banding delivering ultra-smooth color for those who demand the best.

## EMF SIGNALS

Shielded Connectors drastically reduce EMI from interfering with

## CONNECTOR GRIP

Super Grip Zinc Alloy Connector doubles the grip strength to 20 lbs (4 kilograms) thereby eliminating the need for grip teeth that can damage HDMI receptacles.
